

Cement Masons Local 404 Upgrading Classes

(See Note on Back) *

___ December 13th, 2023- Drug & Alcohol Awareness	8:00 A.M.- 3:30 P.M.
___ December 14th, 2023- Anti-Harassment Training	8:00 A.M.- 3:30 P.M.
___ December 15th, 2023- Silica Awareness/Fit Testing *	8:00 A.M.- 3:30 P.M.
___ December 19th, 2023- Drug & Alcohol Awareness	8:00 A.M.- 3:30 P.M.
___ December 20th, 2023- Union Benefits	8:00 A.M.- 3:30 P.M.
___ December 21st, 2023- Anti-Harassment Training	8:00 A.M.- 3:30 P.M.
___ December 22nd, 2023- Silica Awareness/Fit Testing *	8:00 A.M.- 3:30 P.M.
___ December 27th, 2023-Union Benefits	8:00 A.M.- 3:30 P.M.
___ December 28th, 2023- Drug & Alcohol Awareness	8:00 A.M.- 3:30 P.M.
___ December 29th, 2023- Silica Awareness/Fit Testing *	8:00 A.M.- 3:30 P.M.
___ January 2nd & 3rd, 2024- Introduction to Plan Reading	8:00 A.M.- 3:30 P.M.
___ January 4th, 2024-Introduction to Trimble Connect*	8:00 A.M.- 3:30 P.M.
___ January 8th, 2024- Intermediate Plan Reading 1	8:00 A.M. - 3:30 P.M.
___ January 9th, 2024- Intro. to Construction Management Systems *	8:00 A.M. - 3:30 P.M.
___ January 10th & 11th, 2024- ADA Compliance/ 3D Scanning	8:00 A.M. - 3:30 P.M.
___ January 12 th , 2024- Grade Lasers*	8:00 A.M. - 3:30 P.M.
___ January 16th, 2024- Intermediate Plan Reading 2	8:00 A.M. - 3:30 P.M.
___ January 17th & 18 th , 2024- Construction Management Systems Certification*	8:00 A.M. - 3:30 P.M.
___ January 19 th , 2024- ACI Flatwork Finisher Certification*	8:00 A.M. - 3:30 P.M.
___ January 22nd-25th, 2024- OSHA 30 *	8:00 A.M. - 3:30 P.M.
___ January 26th, 2024- ICRA	8:00 A.M. - 3:30 P.M.
___ January 29th & 30th, 2024- Roll Curb Class	8:00 A.M. - 3:30 P.M.
___ February 1st & 2nd, 2024- Super Flat Floors/ 3D Scanning	8:00 A.M. - 3:30 P.M.
___ February 5th, 2024- Caulking	8:00 A.M. - 3:30 P.M.
___ February 6th & 7th, 2024- ASCC Polishing Certification*	8:00 A.M. - 3:30 P.M.
___ February 8th & 9th, 2024- Epoxy Coatings	8:00 A.M. - 3:30 P.M.
___ February 14th, 2024- CPR/First Aid	8:00 A.M.- 3:30 P.M.
___ February 21st & 22nd, 2024-Overlayment/Underlayment	8:00 A.M. - 3:30 P.M.
___ February 23rd, 2024- Theodolites*	8:00 A.M. - 3:30 P.M.

___ February 26th & 27th, 2024 Intro to Robotic Total Stations

8:00 A.M. - 3:30 P.M.

___ March 11th-15th, 2024- Trimble Robotic Total Station Certification*

8:00 A.M. - 3:30 P.M.

Please call Barry at the JATC office at 440-773-7106 or email Barry@local404jatc.com to sign-up for classes. Classes are held at the Apprentice School, 1417 East 25th St., Cleveland. Classes begin at 8:00 A.M. promptly, please come to the rear door on the east side of the training center.

**Class sizes are limited; please make sure you register ahead of time.
No admittance without registration.**

OSHA 30-Hour Training: is the week of January 22nd through January 25th and all 4 days MUST be attended to receive your certificate/card.

Silica Awareness/Fit Testing: Due to the known respiratory hazards of silica in the construction industry, Local 404 JATC will be conducting Silica Awareness and Training for the members of Local 404.

If you plan on being fitted for a respirator as part of the Silica Awareness Class, please be advised that requirements must be completed before attending the class on December 15th, December 22nd, and December 29th. See the checklist below –

1. You must be clean-shaven to be fit-tested, this means no facial hair. (No sideburns, goatees, or mustaches)
2. You must have a current drug card and be a member in good standing.
3. A medical Questionnaire must be completed and submitted to Mobile Medical one month before the fit testing. The medical questionnaire is available online at www.mobmed.com under the MARS Program section. This questionnaire can be submitted at the same site.
4. Once the medical questionnaire is approved a pulmonary function test must be completed. A pulmonary function test may be scheduled at Mobile Medical's office or Local 404 on the day of the fit test.

Once these 4 requirements have been met, you will be able to be fit-tested. Please bring the respirator you plan on wearing daily to the fit test.

ACI Testing: ACI Testing will be held at the Training Center this year and is open to all Journeymen. Please register in advance, you will be issued an ACI workbook for review ahead of time. There will be a review session before the test.

ASCC Certification: ASCC Polishing Training and Certification will be held at the Training Center this year and is open to all Journeymen. There will be an exam at the end of training and all Journeymen who pass will receive the ASCC/CPC Tradesman Certificate.

Introduction to Trimble Connect: This class will provide attendees with an introduction to computers and tablets. We will cover the skills necessary to operate Trimble Connect, a construction plan-sharing application, as well as how to access the basic functions of a computer or tablet.

Grade Lasers: This class will cover the use and operation of a grade laser as well as a Lenker Rod.

Theodolites: Attendees will participate in exercises designed to teach the basic operation of a digital theodolite (digital transit).

Construction Management Systems: This year we are offering an introductory and full ProCore certification.

Trimble Robotic Total Station Training and Certification: This class is only available to attendees who have successfully passed the Introductory Class. This 5-day class will certify all attendees who pass the exam as Certified Operators through Trimble.
